

The Schweitzer Fee is a 3.5% fee that is applied to all Season Pass and Day Ticket transactions. It is subject to Idaho's sales tax.

Some of what this fee helps Schweitzer to provide:

- Free Mountain Express shuttle service provided by SPOT, from the Red Barn to the village for all guests (previously free for passholders or \$3 one-way, per person for non-pass holders). Also, continuing the service that connects from the Red Barn Park/Ride to downtown Sandpoint.
 - o With an average of 62,000 riders per season, this reduces the number of vehicles driving the road, as well as cutting emissions.
- WiFi available in the village area (specific connection areas)
- Supports our sustainability efforts, including:
 - o Recycling (Bonner County co-mingles trash)
 - o Procuring Green Tags through wind energy and solar credits.
 - o Supporting the solar initiative of our power company by purchasing solar panels
