Skiing at Schweitzer

Schweitzer boasts two impressive open bowls. The Schweitzer Bowl is easily visible from the idyllic town of Sandpoint. This stunning view showcases some of the varied terrain that can be found at Schweitzer but only offers a glimpse of all that the mountain has to offer. The 'hidden' backside, The Outback, is another impressive open bowl, giving Schweitzer a total of 2,900 acres of lift served terrain and access to some incredible backcountry skiing & riding.

Schweitzer is known for impeccable grooming and an abundance of open tree skiing. With 2,400 vertical feet and 300 inches of snowfall annually, there are plenty of places to explore and enjoy all winter long.

Since its beginning in 1963, Schweitzer has become a true destination ski and snowboard resort.

Your Responsibility Code

There are elements of risk in skiing/riding that commonsense and personal awareness can reduce.

1. Always stay in control, and always be able to stop and avoid other people or objects.
2. People ahead of you have the right of way. It is your responsibility to avoid them.
3. You must not stop where you obstruct a trail, or are not visible from above.
4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
5. Always use devices to help prevent runaway equipment.
6. Observe all posted signs and warnings. Keep off all closed trails and out of closed areas.
7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.
8. Know the code - it's your responsibility. This is a partial list. Visit schweitzer.com for more information.

Officially endorsed by: National Ski Areas Association, National Ski Patrol and Professional Ski Instructors of America.

Terrain Parks

Built nightly by people who ride daily. We promote Park Smart safety standards. Stop by the Ski & Ride Center for more info.

Snow Guarantee

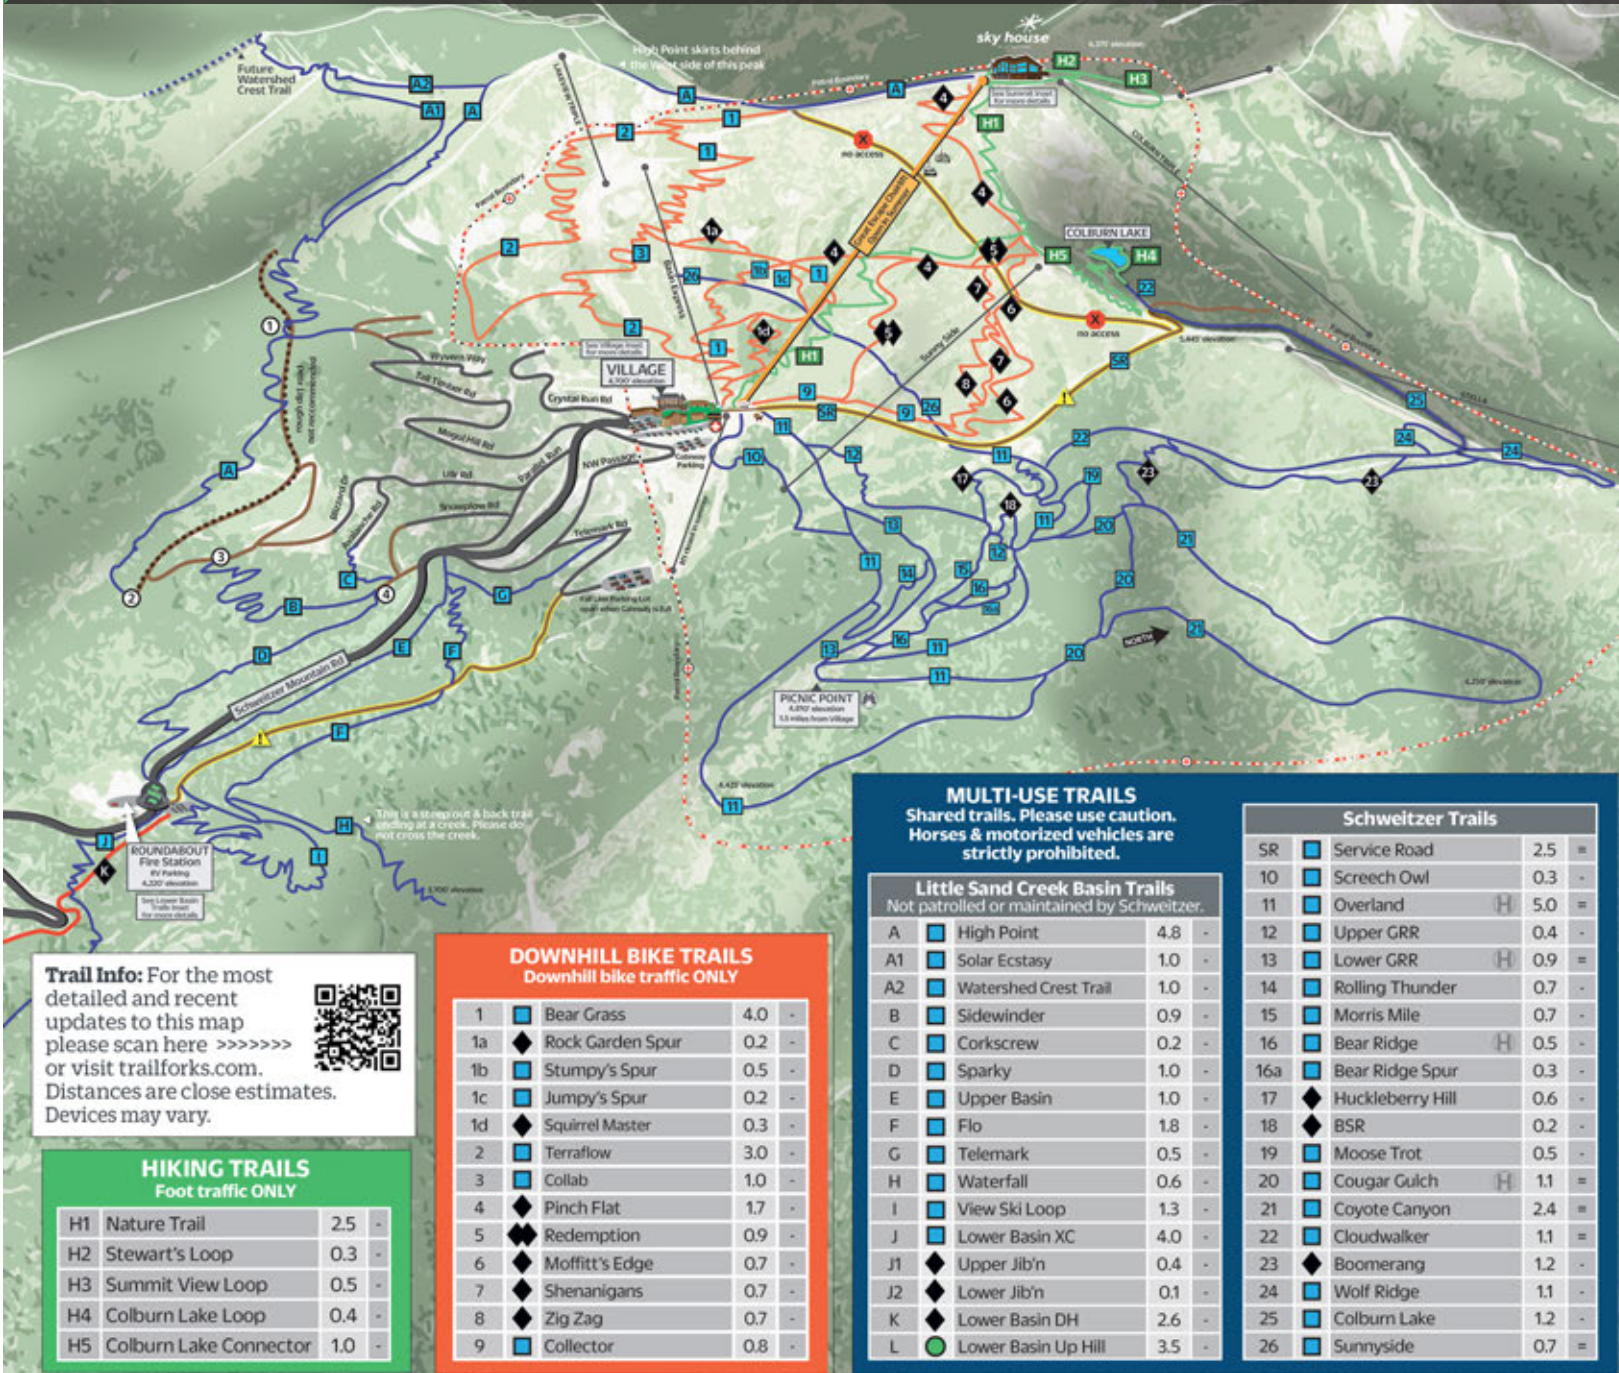

If conditions do not meet expectations, simply return your full-price lift ticket after taking a run within one hour of purchase to a receive a snow check to come back another day. Limitations apply.

Tree Well And Deep Snow Safety

Skiing and snowboarding off the groomed runs and in deep powder is one of the most exciting and appealing parts of our sport. However, if you decide to leave the groomed trails you are voluntarily accepting the risk of a potential avalanche and/or a deep snow immersion accident. A deep snow, or tree well immersion accident occurs when a skier or rider falls into an area of deep unconsolidated snow and becomes immobilized and suffocates. Stay safe, always use the buddy system and keep an eye on each other. Visit schweitzer.com for more safety & avalanche info.

Schweitzer Area Boundary Policy

Schweitzer Mountain has no obligation to anyone proceeding beyond the area boundary. If you choose to cross the area boundary, you do so at your own risk and assume the burden of responsibility for your actions. Avalanche danger and other hazards exist. You are solely responsible for your safety and welfare and all the costs of rescue. All boundaries are shown on the mountain maps and are marked with signs or ropes. **DO NOT CROSS ROPED AREAS AT ANY LOCATION ON THE MOUNTAIN AT ANY TIME.** Access to out-of-bounds areas is through designated gates only. These gates are identified on the map with the following symbol: Do not cross the area boundary without a partner and the necessary equipment to negotiate the backcountry safely.

Schweitzer and the surrounding area comprises of over 40 miles of trail to explore including 4 hiking specific trails and 10 designated downhill only mountain bike trails. Downhill mountain bike trails are intermediate to advanced skill level and require a lift ticket for access. The multi-use trails are open to hikers & bikers and are free to access. Horseback rides are offered on-site through Mountain Horse Adventures but privately owned horses and all motorized traffic is prohibited on these trails. Check out these most popular trails and destinations.

Hike: Nature Trail to the Summit
Distance: 2.5 miles one way
Difficulty: Strenuous

Reward yourself with amazing views and a cold drink at Sky House. Hike back down or enjoy a complimentary chairlift ride down.

Hike or Bike: Picnic Point
Distance: 3 miles round trip
Difficulty: Moderate

A great place to pack a lunch & enjoy the views of Lake Pend Oreille and the city of Sandpoint.

HIKE, BIKE, FISH: Colburn Lake
Distance: 4 miles round trip
Difficulty: Moderate

Stop by the Summer Activity Center for your free fishing license and info before heading out to Colburn Lake. Take the Service Road to access this small lake on the Outback Bowl side of Schweitzer. Please note there is no access from the summit and the trail around the lake is foot traffic only.

HUCKLEBERRY PICKING: Typically late July through early August

Schweitzer is loaded with huckleberries! Free to pick - just stop by the Summer Activity Center for directions to the latest hot spots around the mountain. Please note: no picking tools allowed - it's better for the bushes.

BIKE: Highpoint Trail to Little Sand Creek Watershed Trail Network
Distance: 9 miles one way - mostly singletrack
Difficulty: Moderate

Take the Great Escape chairlift to the summit then enjoy over 10 miles of mostly single track back down to the valley floor. Selkirk Rec. District runs a shuttle on the weekends to get you back to the Schweitzer village. For full route info visit schweitzer.com.
